Re: LAB Reform & Statements Regarding Michael F. Greehan

Dear Messrs. Hoffman, Oswald and Schubert:

Statements regarding Michael F. (Mike) Greehan have been made and published, at a minimum on the internet, that are false and injurious to him personally and professionally, including his reputation as a dedicated and honorable member of the League of American Bicyclists and as an advocate for the bicycling community. I understand that representatives of LAB Reform have told Mr. Greehan that they do not know how to remove statements appearing on the organization's website. Removing published material from a website, especially one's own, is simply a matter of removing digital content located on a server. It is easily accomplished. If this truly is your or LAB Reform's position on this matter, it is misguided and will not withstand legal or technical scrutiny.

To stop any further harm to Mr. Greehan, all false and misleading comments and statements must immediately cease. As well, within fourteen (14) days of this letter, you and the LAB Reform organization are requested to remove any contents regarding Mr. Greehan from websites or other information sources within your custody and/or control. If any false, misleading, or otherwise defamatory statements about Mr. Greehan are made in the future, or if the contents of websites or other information sources are not purged within fourteen (14) days, amicable resolution will not be possible and legal steps may be taken to protect his rights. This letter is written without waiver of any rights or remedies that Mr. Greehan may assert against you and/or the LAB Reform organization.

Very truly yours,
